

Paste Paper

Materials needed to participate in the online workshop led by
María Carolina Ceballos
mariaflora25@outlook.com

- Medium or heavyweight paper like watercolor or Mohawk (gather paper in a variety of colors and textures for experimentation).
- For paste: 6 parts of water for 1 part of cake flour. A pinch of liquid soap.
- Strainer.
- A flat surface you can put water and paint on.
- Acrylic paints of the colors you like.
- A sponge.
- Different objects you can use to draw textures on the paper, like plastic knives or pieces of flat plastic.
- Brushes of different kinds.
- Different containers to put the mixed colors in.
- Spoons or something to mix the paint with the paste.
